## Voices of Our Homeowners

**Sujitha Reddy Mandipula**

(Principal Applications Engineer at Oracle)

We chose Trilok by Trishala for its premium 3 & 4 BHK homes, thoughtful design, and high-quality construction—every detail feels refined. The bright, well-planned layouts and standout amenities like the grand entrance, landscaping, pool, and clubhouse truly impressed us. With excellent connectivity and strong growth potential, it's been one of our best decisions.

**Shashank Kadempally**

(IT Professional)

Excited to share my new home at Trilok by Trishala—perfect for low-density living in a prime location near the airport and ORR. With great value, strong appreciation potential, and proximity to top schools, it checked all the right boxes. Backed by a trusted developer, it's ideal for both living and investment—definitely worth a visit!

## Connect. Engage. Deliver.

At Trilok, we believe homes aren't just sold—they're experienced. That's why we go beyond brochures and social media, connecting with people through activations in parks, malls, and corporate spaces. These efforts build visibility, trust, and genuine interest—because at Trilok, acquisition begins with connection. We also prioritize our own office team building, especially during festivals, to foster a strong and connected team culture.
